237	Actually, the staff is my least favorite thing about the main library in Everett. Libraries are supposed to be quiet and the reference librarians talk loudly, at full volume all of the time. And the old security guard, Bill, is the worst offender, talking to the reference librarians very loudly. Shouldn't professional reference librarians lead by personal example?	2/26/2017 4:07 PM
238	Friendliness	2/25/2017 7:19 PM
239	It's easy to use. The self-check is simple and the overall 'flow pattern' of the library is pretty good; I hope with the addition there will be a full remodel of the traffic patterns and signage.	2/25/2017 6:47 PM
240	Convenient location. Easy to run in and pick up books, but also space to stay and read.	2/25/2017 11:58 AM
241	Computers	2/25/2017 10:49 AM
242	The kid's section	2/25/2017 10:19 AM
243	Quick pick and hold shelves.	2/25/2017 8:16 AM
244	The fact it is on the south end close to my home. Access to wifi and computers. E-resources	2/25/2017 2:56 AM
245	Books. And some places to read and an area for the younger kiddos to play.	2/24/2017 10:15 PM
246	Size. I really appreciate how easy and safe it is to get a toddler from the parking lot in and out. No steps. I parked at the end of the sidewalk close to the fire station. It felt safer. The children's area at the main library is huge and has too many exits for a child to escape.	2/24/2017 3:35 PM
247	Convenient parking, all on one level, no stairs or elevators needed. Storytimes, children's programs, wonderful selection of books for children and teens. We almost never need to place holds on children's books, they have a great selection of new, fun stuff and oldies but goodies.	2/24/2017 2:56 PM
248	The layout. Everything is easy to find, the environment is quiet and I can find almost anything on my own. The aisles are also perfectly spaced apart and not cramped, even with multiple people in them.	2/24/2017 1:26 PM

250	The Location	2/24/2017 12:20 PM
251	I love that the library offers a location closer to the south side of the city. The evergreen branch also offers a variety of materials and programs different from the downtown branch. It's great for families with kids!	2/24/2017 10:23 AM
252	I like the location. It's much more convenient for me than the downtown branch. It may not be a great part of town, but that's why we need a library there!	2/24/2017 9:51 AM

260	I don't get to the library often, but I love libraries and have always felt that they are a extremely important part of our life. When I was younger, I would check out books and usually have them read within a week, and have to beg my mother to take me back to check out more books. I am not totally computer literate, however, I can't think of a thing that I would want to update, and I am so THANKFUL for all of you who know and can/will teach us about the new STUFF!!!	2/21/2017 7:50 AM

275	Close to where I live. The ability, which is new for me in the last year, to obtain books from outside EPL system. And something that may seem small, I like thay it looks like someone picks up the trash in the parking lot occasionally. That or people that read books don't litter as much. :-)	2/19/2017 12:19 PM
276	Convenience. Easy to go to this branch of library because of its location. Downtown library with its transients. I do not feel safe or comfortable there.	2/19/2017 10:58 AM

1	Perhaps more computers. Longer hours would be nice. Would give more people with different hours, more time to explore their local library.	4/8/2017 3:15 PM
2	1. There was a event where anyone can come to the Library and read some books aloud to the kids and possibly earn some money as long as it's legal. The Librarian can inform the volunteers if it would bne the right thing to except. Hopefully, there could be sign-ups for this. 2.Anyone can sign-up to take part in the auctions and sell anything they want to give. 3.People can take part in a cash prize contest if the Library has a sign-up sheet and a note to inform the visitors where it will be and when it starts. 4.They sometimes held idea pitch gatherings for what would be great for kids and adults to see in upcoming movies and upcoming episodes to popular tv shows and people can bring the sheets with ideas writed down. 5. They give word to the visitors to the Library about recreational events like geocaching for example by flyer for anyone who may be interested.	4/8/2017 12:34 PM
3	the remodel/expansion includes more community meeting/gathering spaces both indoor AND outdoors! I would encourage some type of plaza, amphitheater-type opportunities. Also excited to see the incorporation of creative green exterior features – like an edible garden(raised beds, vertical planters or containers) to enhance story time about the natural environment (bugs/worms, dirt, plants) with youth. I'd like to see educational plaques throughout the site (inside and out) regarding all low-impact development and green features of the site (including use of solar, green rooftop area-if only over an outdoor pavilion area, and other energy efficiencies). Definitely want recycling featured in all refuse areas (including the community rooms). Also, I highly recommend that the site remain active (although greatly reduced in services) during construction. Whether a mobile coach is utilized for a skeleton staff or a bookmobile is located permanently through the construction, I believe there is community need for a level of service at this site to continue. I really want an update page maintained on the Library website for construction updates, depiction of designed expansion, and snippets from the Librarian.	4/7/2017 10:00 PM

59	I think a separation of the computer technology section would be helpful and may facilitate classes in this area. I would like to see classes offered to children in technology areas to give them a head start in exposure that may lead to future career development in areas that make up 3/4 of the job classifications in the newspaper. The development of 'coding dojo clubs' around the world may be one opportunity for this.	4/4/2017 2:01 PM

133	If there were a coffee stand in or near the Evergreen Branch like the Main Library has. Strictly enforced rules like no loud cell phone conversations other than emergencies. Evergreen Branch Possibilities

Evergreen Branch Possibilities

196	Signage	3/7/2017 4:14 PM
197	You let me bring books home I'm not in your boundary.	3/7/2017 4:07 PM
198	There were more books, especially childrens, and updated computers and desk areas. If the setup looked planned, instead of so open with not much organization or anything pleasing to the eye.	3/7/2017 3:18 PM
199	...it had a drive-up drop box for book returns AND if it had a large art/craft-friendly classroom.	3/7/2017 2:53 PM
200	Had more computers larger area to sit people that are not on computer	3/7/2017 10:48 AM

215	Close on a consistent time each evening	3/6/2017 2:20 PM
216	The Branch will be better absolutely if if this expansion is been made and more materials are put in place.	3/6/2017 1:16 PM
217	More mighty girl book suggestions available	3/5/2017 9:48 PM
218	it had more parking, easier and safer access from Evergreen Way, and a safer walk-in front entry design.	3/5/2017 1:26 AM
219	More options for borrowing, more interactive (and clean/safe!) space for community members to use--for example, I love the cafe connected to the Hoyt main library -it sgoukd also have also interesting 'interactive' elements to look at and draw in young and old - this is one of the best parts about the main library its architectural interest, like the big windows, 2nd floor staircase, fish tank, wall murals. Love how the main library literally shows its ties and history in the local commuity. I think it would,be important to have a study space for interaction, so small group discussions, or a place parents can read to their young ones, or maybe where a few can go to learn a language or have. So a community space for a big meeting and soace,for smaller meetings & study groups, e.g., 10 or fewer.	3/4/2017 2:55 PM
220	It was larger.	3/4/2017 11:08 AM

Evergreen Branch Possibilities

221	there were a filtration system that eliminated all the perfume and body odors	3/3/2017 4:21 PM
222	Expanding and increasing the reference section and reference materials. There s should be more computers installed.	3/3/2017 11:02 AM
223	More computers	3/2/2017 12:37 PM
224	More activities	3/1/2017 3:13 PM
225	If it were bigger with an quit room like the downtown library.	3/1/2017 2:53 PM
226	More computers for the kids.	3/1/2017 2:26 PM
227	the library that's supposed to be open until 8 pm was open passed 7:38 pm when I came on Monday, February 27;	3/1/2017 12:20 PM
228	It would be better If it is clean and quite for the people to use.	3/1/2017 10:41 AM
229	There was a very quiet area where people could actually read and not be distracted by the library business occurring at reference desk check in desk and computer areas so close to the comings and goings by the door. I have at times appreciated the back areas along the west and south walls to try to get away and absorb myself in a book. Libraries are for reading and are storehouses of knowledge and as such having a new historical section specifically purposed to house literary treasures and read them similar to the Northwest Room would be greatly appreciated. I think a few to several more internet stations would be helpful but the focus of the Evergreen Branch should be educational as opposed to internet relational in my opinion. Having a small career and community resources center would be helpful. There are so many people in need in our community that having a room where community leaders can rotate resources and have increased access to public awareness of available services could be of great help to the community. Having an outdoor reading area might be very nice yet maintaining adherence to policy regarding checkouts and inventory control could cause issues. It is so nice to be outside and enjoy reading. it is one of my favorite fatherly memories watching my daughter read outside on the front deck of my boat. Whatever it takes to get kids interested in literature and keep them learning will be greatly appreciated. Children are the future and we need to teach them the magic of our Libraries while showing them to respect public institutions and empower them to be the change we want to see in our world.	3/1/2017 10:27 AM
230	Local art on the walls to provide the connection that the main library has to the community.	2/28/2017 7:53 PM
231	More comfy chairs, (as in more of them, not more comfortable ones.. :)), Guest passes for the computer included a couple of print pages as well, (some of us homeless folks not only have no income, but also refuse to panhandle or steal, yet occasionally need to print things too... 'just sayin'...) and maybe a specifically designated area for just charging devices to prevent the more likely to be loud people just here to charge something (will own that this is mostly local homeless people) from being quite so disruptive by moving them away from people needing quiet for their library use (usually me, lol) and maybe extending the wi-fi range during the day to also encourage the same groups "just hitting the wifi really quick" to be disruptive outside.. :) You could also consider installint a Rapid Charge for a fee machine for people to use (for a fee, of course) eliminating some of that traffic and generating some extra library revenue.	2/28/2017 2:23 PM
232	free coffee	2/28/2017 11:03 AM
233	It had more board books and infant books.	2/28/2017 8:32 AM
234	There were more kids activities	2/28/2017 7:01 AM
235	It just needs to be bigger, for storage space.	2/27/2017 5:19 PM
236	I'd feel safer if you had a security guard that wasn't so old that he can't even stand up straight. The daytime guys are good, but Bill shuffles around when he walks. If there were to be a real emergency, I fear for library patrons present during the event.	2/26/2017 4:07 PM
237	It had more room for non fiction learning books like the downtown branch does.	2/25/2017 7:19 PM

Evergreen Branch Possibilities

238	There were comfortable chairs. I know that you are trying to discourage the use of the library by those who may not be patrons, and this is a difficult community issue. However, particularly as a disabled person unable to stand in one place for any significant time, the lack of comfortable reading chairs (or, really, many chairs at all) means I can't spend really any time enjoying the library facility, and I really would enjoy it. (Also, those 'pull over' round footstools -- I've used them in many libraries -- are invaluable to me for use in the stacks, for the same reasons). I would have more input if I'd been able to spend more time there. In addition to spending more time as a patron, I'd really enjoy the opportunity to also attend community events and volunteer. My library experience is mostly online (Overdrive) or stopping by to pick up a reserved book.	2/25/2017 6:47 PM
239	There were more areas for quiet study, more self checkout stations, a teen area with computers.	2/25/2017 11:58 AM
240	There were more study rooms with computers, projectors, tables, etc.	2/25/2017 10:49 AM
241	There were a greater variety of books, especially the fiction section.	2/25/2017 10:19 AM
242	There were more intimate seating areas, cozier wall color, better/softer lighting and a drive up book return.	2/25/2017 8:16 AM
243	Had more books.	2/25/2017 2:56 AM
244	There were tons more books, and more places to sit and read.	2/24/2017 10:15 PM
245	More early readers (for boys). We started going downtown when we started getting the readers that were numbered 1-5 for reading levels.	2/24/2017 3:35 PM
246	The Children's and Teen areas weren't so small and crowded. More seating is needed everywhere in the building, but especially seating for families with children. There is space for 2-3 families to sit comfortably in the Children's area, and that's about it. Families have a lot of stuff: strollers, diaper bags, school backpacks, etc. Kids and teens need space to spread out and do homework after school, like at the Main Library. A laptop/tablet bar for teens would be great! I don't really care about computers for little kids, they get enough screen time at home. We go to the library to get away from screens and enjoy books and interacting with other families. Also, it would be better if there weren't as many suspicious people lurking around the parking lot and library grounds. People sometimes just sit in their cars, smoke, and watch everyone. It's creepy. I hate using those bathrooms, I wish there was a restroom just for families. My kids don't need to see needles and drug garbage. (The staff is great about dealing with that whenever we let them know.)	2/24/2017 2:56 PM
247	Maybe a bigger play space for kids while the parents are looking for books, a quiet space. Cause right now there's only that one tiny room, whereas the branch downtown has a much bigger play space. My nephew would love a bigger play room.	2/24/2017 1:26 PM
248	Additional tables in the children's area. My preschooler likes to come and play with the puzzles but oftentimes she has to sit on the floor because "big kids" are using the short children's tables for homework.	2/24/2017 12:21 PM
249	More hours. newer technologies, faster internet.	2/24/2017 12:20 PM
250	More space is definitely better!! It would be awesome to see an expanded teen/YA section, more work spaces (aside from the existing computer space), more shelf space for material, and some reading space.	2/24/2017 10:23 AM
251	Bigger! More staff! More quiet places. I always love to see libraries that have spaces devoted to teens, too.	2/24/2017 9:51 AM
252	Offer a family night story or movie time.	2/24/2017 7:52 AM
253	Bigger room for programs and more computers.	2/23/2017 9:29 AM
254	If the new design concept of our library's environment was conceived as a dimensional portal where everybody could have access to all kinds of information, experiences, places and thinking and where the environment was a preexperience of the potential outcomes of our current achievements in sciences, arts and technology... Oddities Studio oddscar@hotmail.com.com	2/21/2017 6:10 PM
255	If you had a larger selection of books, DVD's and other materials.	2/21/2017 3:47 PM

Evergreen Branch Possibilities

256	More materials, more comfortable seating for reading, more programming. A coffee stand would be nice as well.	2/21/2017 10:45 AM
257	I will leave it up to the younger, intelligent people to complete this blank....if I were young enough to be up all hours of the night, the only thing that I could wish for would be a 2777 library....)	2/21/2017 7:50 AM
258	More power strips and tables for personal devices to access wi-fi. Privacy rooms.	2/21/2017 3:04 AM
259	It had more space for kids. It had higher ceilings that allowed in natural light. I'd like to see the use of more natural Northwest materials like stone and natural wood from an appearance standpoint. I'd like the building to visually appealing and a testament to the City's investment in South Everett and at the same time stand the test of time architecturally as the Main Branch has	2/20/2017 4:10 PM
260	It was twice as big, had ore computers, nd had toys outside for the kis	2/20/2017 11:16 AM
261	More knitting! Just kidding. There is a good selection and I don't have time for the group (although I'd like to.)	2/20/2017 7:18 AM
262	There was more space at the computers, people are too packed together. The big bags, strollers, and having two people sitting together is very uncomfortable.	2/20/2017 6:29 AM
263	There was a larger selection of materials and more spaces to study.	2/19/2017 8:27 PM
264	there were study booths with plugs so that I can actually work without distractions, such as applying for a job on-line. The computer plug-in area is very noisy and is not monitored by staff, though of course I think its the set-up not the staffing. Too many people crammed into too small a space without any privacy, if needed. The final straw for me was trying to find a quiet corner to work on my resume and job application. The side room where activities take place was unused and I asked to be able to access there. 5 minutes into my work a group of kids and parents came in to play. When I went to the kids table in the afternoon to have quiet distraction-free computer time (on my laptop), I was shoosed away by staff, told that if I were to stay there, a family would see me and be disturbed by my presence, even if I moved if any families were to arrive there. Very upsetting to be pushed aside. I know the library cannot accommodate EVERYONE all the time, but come on. Even if I could reserve a station for an hour to have a study booth with plug-in, that would be great.	2/19/2017 6:40 PM
265	A larger selection of audiobooks, both at the library and online through overdrive.	2/19/2017 6:36 PM
266	More videos and more computers	2/19/2017 6:32 PM
267	it had more books.	2/19/2017 5:28 PM
268	It had more computers and a much larger community room. South Everett needs a place for the community to come together	2/19/2017 2:06 PM
269	Needs to be bigger, updated. Could do more - could be a bigger asset to the community	2/19/2017 1:55 PM
270	If it was treated as a 2nd branch and not an aside.	2/19/2017 1:15 PM
271	For me it is fine as is, but I don't spend time in it. I just come in to pick up or drop off a book. I hope with any kind of expansion that the parking situation remains good. Yeah that would be it. Don't make it where cars are waiting for people to pull out, honking at them impatiently, like Trader Joe's parking lot is every afternoon.	2/19/2017 12:19 PM
272	it was larger.	2/19/2017 10:58 AM
273	Quarantine are for the homeless but that would bring a lawsuit I assume so more books.	2/19/2017 10:29 AM
274	There was a larger children's department A Spanish speaking playgroup and or story/music time	2/19/2017 8:45 AM
275	It had at least some of the research resources that middle and high school kids might want to access. If it had more space and more spaces. I find that people using the library are respectful but it would be nice to have a space to sit with a coffee undisturbed, or sit with a friend or two to chat.	2/19/2017 6:48 AM

Evergreen Branch Possibilities

276	Considering the popularity of the branch, the size of the facility is small so it becomes crowded. I don't mind a certain amount of noise and busy activity, but it would be hard for someone to study if there were distractions. A larger designed with this in mind would certainly help.	2/19/2017 5:42 AM
277	If there's more computers accessible	2/19/2017 12:32 AM
278	More movies, music.	2/18/2017 7:07 PM
279	Larger kids space	2/18/2017 6:53 PM
280	...It had more meeting rooms, and study rooms with doors. The open space is sometimes noisy; there should be quiet rooms and/or areas away from kids and noise. A cafe or coffee shop would be nice, a place where food and drinks are allowed.	2/18/2017 5:37 PM
281	More books! I frequently have to wait for books to be sent over from the main library.	2/18/2017 4:54 PM
282	It was bigger and had more computers	2/18/2017 3:41 PM
283	It was bigger -- and you are working on that! :)	2/18/2017 3:01 PM
284	It had more academic oriented books, especially theological.	2/18/2017 1:38 PM
285	it were more open and accessible. Also, it would nice if there were small conference rooms people could reserve for meetings or study areas.	2/18/2017 1:36 PM
286	Look at Mukilteo library and see the difference. More space, more artsy and garden trails.	2/18/2017 1:11 PM
287	Hours should be longer.	2/18/2017 12:40 PM
288	If we could request titles to be added, not just transferred from the main branch.	2/18/2017 12:25 PM
289	there was more shelf space for books and other materials. another meeting room would be nice	2/18/2017 12:10 PM
290	it had more books	2/18/2017 11:57 AM
291	It had room for MORE BOOKS. The series' that I like to read and re-read are all at the main library. I have to put a hold on them, so they can be brought down to the Evergreen branch.	2/18/2017 11:37 AM
292	There were private rooms for to have meetings, have music classes, movie night, something that the Comunity can meet and have events.	2/18/2017 11:31 AM
293	Get rid of the "critters" that hangout outside the front door. Add some security or ask EPD for more assistance. Feel unsafe sometimes.	2/18/2017 11:31 AM
294	It had another meeting room. One available for use by outside organizations.	2/18/2017 11:15 AM
295	Larger community room and some quieter computer research desks with computers	2/18/2017 11:11 AM
296	Longer hours on Saturday and Sunday.	2/18/2017 10:49 AM
297	I'd like more evening hours. We would also appreciate programs geared to high school students, maybe a book club? I'd like more comfortable reading areas for when I'm waiting for my kids.	2/18/2017 10:36 AM
298	Bigger selection of movie/tv cd's.	2/18/2017 9:59 AM
299	there was room with better sound and more comfortable chairs for long film viewing times. Also, more natural light would enhance the experience.	2/18/2017 9:56 AM

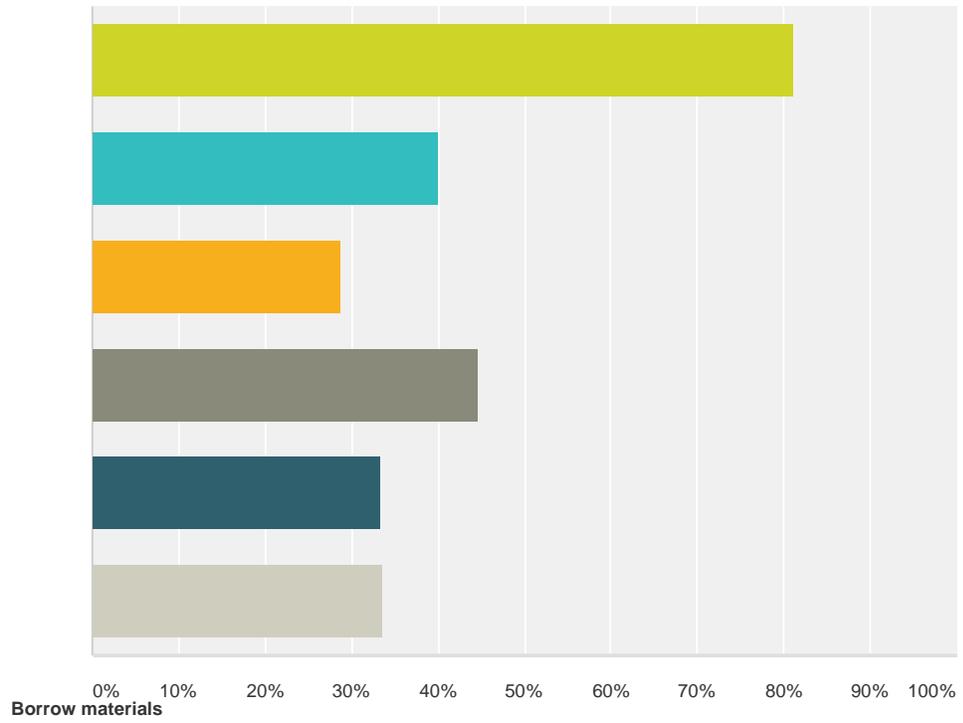

Evergreen Branch Possibilities

300	More room to study	2/18/2017 9:37 AM
301	Larger selection of all types of books, non-fiction and fiction. A few more computer stations would be nice; the current set gets full sometimes	2/18/2017 9:30 AM
302	There was a larger, better meeting room! More bookshelves, with more books on them!	2/18/2017 9:29 AM
303	. . .the movies were not between the entrance and the adult area. Movis are popular and they need their own dedicated area, away from the books and quiet seating.	2/18/2017 9:21 AM
304	There were more space, more computers things for kids to do.	2/18/2017 8:57 AM
305	More stacks to increase number of books available.	2/18/2017 8:45 AM
306	Expand the seating area to be a more secluded and comfortable area instead of mostly just being out in the middle. I love the idea of having a small cafe nearby so I can stay longer. A clearly separated desktop nook so the computers aren't right next to everything else.	2/18/2017 8:42 AM
307	There was more open space. It often feels cramped. An additional checkout station and catalog computer would be nice.	2/17/2017 1:14 PM
308	Had coffee stand like down town or a mini eatery like sandwiches or donuts.	2/17/2017 8:38 AM
309	the children's section was even bigger! i'd love to see more activities to do while visiting the library (for the kids). it would also be nice if the children's area was a bit more blocked off from the rest of the library so i won't feel like strangers are watching us.	2/16/2017 10:40 PM
310	It had more books! I almost always have to order books I want from the main branch.	2/16/2017 4:09 PM
311	It would be better if it had shelf space for more books - both fiction and non fiction. I would also enjoy more regular adult programs at this location rather than trekking to the main library. While I don't have kids, I would also love to see more children and teen spaces for the benefit of the community.	2/16/2017 4:06 PM
312	8 year old: It would be better if they had more games and puzzles in the family area so kids could have something to play that is not books. I also think the teen area should be bigger and have more privacy (I think she means it should be more separate from the kids area) so that teenagers have somewhere fun to hang out. And maybe have some board games there for them to play. Mom: I would love to see more comfortable seating in the kids/family area for reading together. We homeschool and I think it would be great to have some group study tables or areas so families could come to do school or homework together.	2/16/2017 2:04 PM
313	There were more books. Seems like I look at the same ones over and over.	2/16/2017 1:48 PM
314	There were small rooms for group studying, the lighting was better	2/16/2017 12:59 PM

2	-The DVDs should have more bonus features so people that check them out can see the shorts that are included with them if no one wanted to own them. -Some DVDs for people to rent at the Library like Surf's Up 2: Wave Mania for example -Before the idea pitch gatherings get arranged, anyone can inform these people on what movie or tv show they have ideas for and the staff can possibly arrange a focus group of fans of the movies and TV shows and the volunteer can share their ideas to the production staff through the phone or video chat and with the fans face to face.	4/8/2017 12:34 PM

78	I hope that the additional space will be used for additional materials: if you are only adding meeting rooms and computers and no more books that would be disappointing! I like how the large print section is separate. Don't integrate these materials into all the small print. Parking is easy - would not like that to become more difficult. I like how I can reserve a book online from either branch and then pick up at either branch - it makes Evergreen feel bigger! Current layout of shelving is good (I spend a lot of time browsing books)- don't short-change this aspect. I also like the community notice board, the clean rest rooms, and of course the staff.	3/28/2017 2:05 PM

Evergreen Branch Possibilities

165	Looking at the number of kids that attend the smaller library versus the large (parking challenged and less securefeeling) downtown library, I'd hope the powers that be are looking at how to make improvements to the huge main library that would draw kids there. Even when we lived closer to the downtown library, we preferred to visit the Evergreen branch for three reasons: 1) Library staff was much more available and offered suggestions from our very first visit. We'd never experienced that at the main branch 2) Parking. While the parking garage at the downtown library may provide similar number of spaces, our kids asked that we stop going there because they didn't want to have to walk up the pee-smelling staircase every time. 3) Security. The last time we went to the main branch, I saw a sketchy character follow our son into the bathroom. I walked in and walked back out with our son and we as a family left. That was about 2 years ago, and we're not apt to go back. I know the library is a sanctuary for many homeless people around downtown, but the significantly smaller population of them down at the Evergreen branch makes the trek down there more appealing.	3/7/2017 2:53 PM
166	If possible, it would be nice to have an area for computer access for children, teens separate from the adults. The younger faction seems to use it more for games - sometimes playing together and enjoying it a lot, loudly. Most adults are working on the computer to actually get work done - job application, resume, learning.	3/7/2017 7:54 AM

178	The membership of the library should be expanded beyond the Everett city limit. There should be more computers installed.	3/3/2017 11:02 AM

184	A reflection of our community and its bio ethnic and biological diversity as well as focus on the corporate philanthropy we are seeing and how philanthropy helps sustain public treasures cannot help but make the library even more valued by the citizenry. The libraries are truly treasures of public trust that MUST BE respected cherished and protected for the LONG TERM.	3/1/2017 10:27 AM
185	I have been thinking about this renovation project since it was announced and keep coming back to the things that I enjoy most. The information about local events, organizations and clubs that are featured in the entry way gallery. They are a reminder of the focal point that our library represents. A way of connecting that may not happen by any other means.	2/28/2017 7:53 PM
186	People need mirrors in the bathroom for checking their appearance (tucked-in shirt, hat-head, raccoon-eyed makeup mishaps..) regardless of the stranger uses of them by some people.. maybe with the extra security we could get even a smaller over a sink one put back in there? Also, addicts will not use a sharps box if it is out in the open.. try placing them into the stalls, especially the handicapped one, it will increase the likelihood they will be actually and properly used. Please also remember that some of us homeless people are just as fed up with the nonsense as you are, and continue with your patience., Thank you, for that, by the way. :)	2/28/2017 2:23 PM

198	There are so many low-income families in S. Everett, and quite a few schools within walking distance from the branch. The emphasis should be on kids, young teens, and families; with basic library services for adults too, of course. Parents and adults need resources; but adults and high school/college students are more mobile and have options. For many families with young kids, especially grades PreK-5, the library is IT for free access to books and enrichment programs. There isn't even a playground in that area of town.	2/24/2017 2:56 PM
199	Whatever you guys do, and I'm sure it will be great, please keep that wall out front with all the people sculpted on to it. Also, some more windows might be nice, I know there's some by the magazine wall/study space, but some natural light around the rest of the library would be nice.	2/24/2017 1:26 PM
200	Maybe additional parking and also a way to keep some of the seedy looking folks from loitering out front. I always bring my child solo and it makes me nervous to have my back turned to get her out of the carseat and then walk in/out with her by myself.	2/24/2017 12:21 PM

All great libraries have not only great staff but inspiring architecture. Like the UW Reading Room at Suzzallo which has stood the test of time, we should look to this library as providing this same opportunity.	2/20/2017 4:10 PM

208	This is one of the loudest libraries I have ever visited. The children's area often has crying or loud playing children, and that sets the sound level expectation (okay to be loud) for rest of the space. No place for actual reading and studying.	2/20/2017 6:29 AM
209	Nope.	2/19/2017 8:27 PM
210	There are PLENTY of homeless and unemployed persons that are looking for help that can only be accessed via computer, and this is stressful. Cramming computers together, side-by-side, banning cell-phone conversations in library but not monitoring, and then amazed and appalled when conflicts arise is due to poor planning. Please think a little bit longer-term.	2/19/2017 6:40 PM

213	I don't often use the Evergreen Branch, even though I live closer to it than the Main Branch. I like the open feeling of the central area of the Main Branch and how the children's area is separated from the central area with furniture for families with small children to enjoy away from the adult area. I also like the coffee shop, and the comfortable seating in the central open area where I enjoy reading magazines each month. How can homeless people be encouraged to use the library for more than just a place to keep warm and dry? I think there should also be an electronic message board outside that announces events, like the one at the Main Branch; and a large meeting area that could hold a mini job fair, or health fair, or agency resource day, or salsa dance demo, or art activity - like some of those wonderful events that have been held at the Main Branch. I love the library system!! It's such a great resource, and south everett especially needs healthy community gathering place for educational, cultural, and fun activities.	2/19/2017 3:44 PM
214	The design of the building / addition should be well designed and a building the community can be proud of while being functional	2/19/2017 2:06 PM
215	Well - you asked, so here goes. Original plan - when the library was built - was to display the library's 1924 bookmobile Pegasus in a special space at the front of the building. Pegasus is the oldest bookmobile in the world. THE WORLD. Mostly restored about 20 years ago, it sits in a city warehouse. Not much joy to anyone. Four fire stations display an assortment of old fire rigs. Library should have equal time. Of course it will be an added cost - but with all the talk about lack of South Everett participation in community affairs - this is symptomatic of why. This can be a demonstration that South Everett Matters. Build something wonderful ... not something adequate.	2/19/2017 1:55 PM
216	Closing the library for an unknown length of time at back to school time in Sept. is a horrible notion. Not that there is a good time to close the library. Telling patrons that the "main branch is open" really is just telling us that you don't care about our life.	2/19/2017 1:15 PM

220	The Everett school district is moving constantly toward use of computers as a necessity to complete homework assignments and even to be able to turn in work or to collaborate with your team on group projects. Being so close to Cascade and Evergreen means having some student work space would be greatly appreciated - especially if that space was available several nights of the week after 6 PM. Kids in sports often don't get to start homework until then.	2/19/2017 6:48 AM

225	Maybe a cat? I'm currently reading The True Tails of Baker and Taylor. Knowing there have been some issues with unfavorable activities in the area, I am pleased to tell you I have ALWAYS felt safe and appreciate your efforts. Our family first starting using Evergreen Branch when it was a portable building. I think that might have been in 1968. We moved away from Everett a couple times and always come back. Although it is enjoyable to go to the Main Branch, Evergreen Branch is home and what I think of first whenever I hear the word "library". Thanks for being an important part of our lives.	2/18/2017 3:01 PM
226	Hopefully having more space means there will be more programs offered as well.	2/18/2017 1:38 PM
227	I just feel like the library is an important institution for the least fortunate in Everett. Anything that can be done to make the library more welcoming to low-income people especially their children then I think those things need to be done. That might mean more computers for public use or tutoring programs for disadvantaged kids, but someone needs to be thinking about those folks and I'd like to think the addition to the library is an opportunity to do that.	2/18/2017 1:36 PM
228	Spaces for adults vs kids. Again, take a hint from Mukilteo Library.	2/18/2017 1:11 PM
229	Enforce quiet rule.	2/18/2017 12:40 PM
230	Been enjoying the library since I got my first card when I was 8yr old. 52 years of fun! Thank you!!	2/18/2017 12:25 PM
231	thanks!	2/18/2017 12:10 PM
232	Overall pleasant environment, most of the time. Thank you.	2/18/2017 11:31 AM
233	Parking availability	2/18/2017 11:11 AM
234	Safety is important to me. I would like the library to have comfortable furniture for reading.	2/18/2017 10:36 AM
235	Yes. You are doing a great job and your staff is always very nice and helpful.	2/18/2017 9:59 AM
236	Please visit Mukilteo library during after-school hours. It's always reassuring to visit such a light-filled, lively spot of learning.	2/18/2017 9:56 AM
237	Designing the space with security in mind, i.e. not creating areas where people can hide Thanks for the survey!	2/18/2017 9:30 AM
238	More parking. If there is more space, more will come!	2/18/2017 9:29 AM
239	More seating spread out through the library for individual, secluded reading.	2/18/2017 9:21 AM
240	Is there any way to diminish the number of people at the Main Library who are just hanging out? Sometimes they are sleeping, sometimes they just smell bad.	2/18/2017 8:57 AM
241	Need to consider the entire, diverse, community.	2/18/2017 8:45 AM

Evergreen Branch Possibilities

242	I think as long as you update the over all look. Make it comfortable and seperate enough space for each type space it's going to be great	2/18/2017 8:42 AM
243	I hope the expansion includes more access to materials not less. So often we see books cleared out to make room for computers and collaborative space, but this can be down without being detrimental to the amazing collection such a small library is able to offer.	2/17/2017 1:14 PM
244	The area could sure use a boost in building community. I think meeting rooms would help open up the possibilities. Please let's have a huge community celebration when it reopens.	2/16/2017 4:09 PM
245	I would love more weekend hours at either location.	2/16/2017 4:06 PM
246	Adequate parking. Pleasant landscape. Artworks.	2/16/2017 1:48 PM
247	I am very happy the branch is being renovated! It's been much needed, and I think it will be a big boost for the south Everett community!	2/16/2017 12:59 PM
